

A movement of enraged food couriers: we are getting organized in Lyon too!

Since the beginning of September, **hundreds of food couriers have organized themselves in Paris** with the support of trade unions including the CNT-SO. They protest:

- ✓ against arbitrary disconnections by platforms,
- ✓ for the improvement of working conditions and remuneration,
- ✓ for the regularization of undocumented deliverers.

To win, the movement must become national!

We can get organized and fight for our rights in Lyon too!

PUBLIC MEETING

**in the Annex (à « L'Annexe »)
27 rue Salomon Reinach 69007
on Sunday, 11th December at 02:30 PM
to organize the uprising**

*An enraged UBER EATS courier from Paris will join us there to share his experience. **Let's all come together!***
